## 1.Title

Machiko's Dating App in Different Prefectures

## 2.Logline

Dating apps are now a mainstream dating service! The secret behind their popularity is that they allow you to meet members of the opposite sex more efficiently than a blind date. Machiko, a master of romance, meets a man who speaks a local dialect, has her heart broken, gets in fights over trivial things, and even gives him advice on how to fall in love. This is a TV series that reevaluates the appeal of regional areas through small romances.
